Location: Rural communities with limited service providers available. Access: to primary care providers in a rural setting. Population to primary care provider ratio in our counties are 2520:1 (Seneca County), 2400:1 (Wyoming County) and 13780:1 in Orleans County. Our Population to Mental Health provider ratio are 600:1 in Genesee County, 500:1 in Wyoming County and 1860:1 in Orleans County. 80% stated they use their doctor as their main source of health information. 2019 Robert Wood Johnson County Health Rankings- Health Outcomes Data In 2018, there were a total of 37 reported opioid overdose deaths in the GOW region with the following per 100,000: 26.5 (25.5) and 24.0 as compared to New York State (Monroe County Medical Examiner).	1) Support the public health model for the prevention of drug overdose. 2) Coalition building 3) Prescriber education 4) Supply reduction 5) Pain patient services/drug safety 6) Drug treatment 7) Pharmaceutical interventions 8) Community based prevention education 9) Evaluation	# Of organizations represented on Opioid Prevention Task Force. # Of individuals receiving treatment in tri-county region. # Of grounds of drug / charge disposed of at permanent drug drop sites and / or National Drug Take Back Site events. # Of referrals to Peer helpline and service. # Of Narcan trainings.	Provide Narcan training to 150 individuals throughout the GOW region. Hold conversations with key stakeholders to establish and implement policies and protocols at United Memorial Hospital, Medica Memorial Hospital and Wyoming Community Hospital for contacting Peer/Recovery Coaches when patient arrives to ED due to opioid related health complications. Maintain 13 permanent drug drop off sites throughout the GOW region. Hold 2 Drug Take Back Events throughout region.	Provide Narcan training to 150 individuals throughout the GOW region. Provide education and marketing related to Peer Support Program to hospital Emergency Departments for 90% of referrals. Maintain 13 permanent drug drop off sites throughout the GOW region. Hold 2 Drug Take Back Events throughout region.	Provide Narcan training to 150 individuals throughout the GOW region. Consistently deploy Peer Support providers/Recovery Coaches to hospital Emergency Departments for 90% of referrals. Maintain 13 permanent drug drop off sites throughout the GOW region. Hold 2 Drug Take Back Events throughout region.	Other (Please select one partner from the dropdown list per row)	Social Prevention Task Force. Partnerships through the GOW Opioid Task Force continue to develop and/or strengthen. Task Force members serve on workgroups to address data, community education, access to care and Narcan training/distribution. These workgroups are made up of a cross section of the 3 counties and provides quarterly updates to the public as well as updates to the care Mental, Emotional, Behavioral Hearing Committee which reviews the updates and assists with the planning of the quarterly meetings. GC&A has had a strong role in securing grant funding to provide the Task Force Coordinator as well as bring in much needed services to the tri-county region. Wyoming County has provided a web site for agencies and community members to seek out services. Each of the 3 counties has a growing Peer support community to reach out to hospitals and law enforcement to assist with securing aid to those who are in need of recovery services.
