

GENESEE & ORLEANS COUNTY HEALTH DEPARTMENTS

Paul A. Pettit, MSL
Public Health Director

Brenden A. Bedard, MPH
Deputy Public Health Director

COVID-19 Press Briefing

June 4, 2021 / 4:00 p.m.

* Beginning the week of May 10th, Electronic Press Briefings will only be sent out bi-weekly on Tuesday's and Friday's at 4:00 p.m. The narrative and charts of the new cases will include the previous days. We will only report the numbers that are directly received to our departments. ZOOM briefings will be scheduled on an as needed basis and ZOOM invites will be sent out. Any questions, either related to the briefings or for other issues to be addressed can be e-mailed to Nola Goodrich-Kresse (Nola.Goodrich-Kresse@orleanscountyny.gov) or Kaitlin Pettine (Kaitlin.Pettine@co.genesee.ny.us).

Masking Guidance for Fully Vaccinated People- https://www.governor.ny.gov/sites/default/files/2021-05/NYS_CDCGuidance_Summary.pdf

Masking Update- As of May 19, 2021, New York State will be following the CDC guidance which has determined it is safe for the majority of those who are fully vaccinated (2 weeks after final vaccination) to not have to wear masks in most cases indoors and outside. Those who are not fully vaccinated, choose not to be vaccinated and/or are immunocompromised, work or attend Pre-K to 12 schools, public transit, homeless shelters, correctional facilities, nursing homes and healthcare settings will continue to follow the State's existing COVID-19 health guidelines regarding masking until more New Yorkers are fully vaccinated. The Department of Health strongly recommends masks in indoor settings where vaccination status of individuals is unknown. Mask requirements by businesses must adhere to all applicable federal and state laws and regulations. This recommendation will apply across commercial settings, including retail, food services, offices, gyms and fitness centers, amusement and family entertainment, hair salons, barber shops and other personal care services, among other settings.

Vaccine Update: Anyone 12 and older is now eligible to be vaccinated against COVID-19. Currently only the Pfizer vaccine is allowed for those who are 12-17 years old. All vaccination clinics are for both first and second doses for Moderna and Pfizer brands on a 'First Come, First Served' basis. Some clinics have walk-in (generally Moderna and Johnson & Johnson) and some are by appointment only (generally Pfizer). Please note making an appointment for any of the clinics will help save you time and make sure there is vaccine available for you.

For GO Health Department-run clinics use this link: <https://gohealthny.org/covid-19-vaccine-information/>

For general clinic locations, including pharmacies use the www.vaccines.gov link.

Both counties are offering vaccination clinic registration via phone – these numbers are for COVID Vaccination Registration ONLY. In Genesee call (585) 815-7168. In Orleans call (585) 589-3170. For both numbers ask for the vaccine registration help line. **The vaccine registration help line is NOT associated with either Public Health Department. The individuals who answer the phone can ONLY assist with registering for a COVID-19 clinic, they cannot answer COVID-related questions.** For more information about the vaccine and access for those who are 60 and older who do NOT have internet access, please contact your respective Office for the Aging (OFA). For Genesee OFA please call 585-343-1611 for COVID-19 Vaccine assistance between 9:00 a.m. – 4:00 p.m. and leave a message if you get voicemail and someone will return the call. For Orleans OFA please call 585-589-3191 between 9:30 a.m. – 4:30 p.m. and leave a message if you get voicemail and someone will return the call. The OFA offices can only assist with the clinic links as they are available. The system may experience slowdowns and crashing due to high volume. Please be patient and try again later.

For regional COVID-19 Vaccination data based on eligible population (currently 16+) for our counties go to: <https://flvaccinehub.com/regional-data>

The GO Health COVID-19 Events Notification Form is to be completed for any events, social gatherings over the NYS maximum social gathering limit: Responsible parties are to report events/social gatherings over NYS's maximum social gathering limits, no less than 5 days prior to the event, to Genesee or Orleans County Health Departments by using this link: <https://www.surveymonkey.com/r/GOHealthNotification>

The Finger Lakes Vaccine Hub has launched a Finger Lakes Region Vaccine Finder: <https://flvaccinehub.org/getting-your-vaccine/#vaccine-finder>

For current updates visit <https://coronavirus.health.ny.gov/home> or <https://forward.ny.gov/ny-forward>

If your business or organization is interested in hosting a Pop-up Vaccination Clinic, please fill out the form here: <https://www.surveymonkey.com/r/GOHealthPopUpVaccineClinic>

Social distancing, wearing cloth masks/face coverings over the mouth and nose, and handwashing, cleaning and disinfection protocol requirements are to be continued to limit the spread of COVID-19.

For FREE Rapid Testing, click here: <https://gohealthny.org/covid-19-testing-information/> the links will be live when there is a clinic scheduled and there are open appointments. Clinics will be limited and determined week-by-week.

- **After testing, go home to wait for your results...do NOT go out in public.**
- If the clinics are closed please check the NYS COVID-19 Drive through test sites: Call New York State Department of Health Testing Appointments Call 1-888-364-3065 or
 - Monroe Community College – testing by appointment only: <https://www.monroecc.edu/index.php?id=29078>
 - Niagara County Community College - <https://covid19screening.health.ny.gov/covid-19-screening/>

COVID-19 Reminders: If a person is identified as a contact, they will be notified by the County Health Department, quarantined and if warranted, swabbed if indicated. Limited information is provided to the public in compliance with **HIPAA regulations and out of the respect of those impacted by this virus.**

- When, and if, there is a situation where potential contact is made in a public location where contact tracing doesn't have actual names of close contacts, we will post an announcement on our websites to help seek contacts.
- If you are experiencing **ANY** COVID-19 related symptoms **STAY HOME!** Do not go to work, do not go

to the store, do not go anywhere, **YOU** are spreading the virus. **STAY HOME!**

- **Flu Season:** It is important to get your flu shots now to build up immunity. It generally takes 2 weeks before immunity is built up after getting the shot. Once you have the flu vaccine, if you do get the flu, research shows that the vaccination reduces the risk of severe illness. Getting a flu vaccine can save healthcare resources for the care of patients with COVID-19 and other illnesses. Talk with your primary care provider today! #SleeveUp #FightFlu For locations go to <https://vaccinefinder.org/> . It is always good to call prior to going to make sure they have your vaccine in stock.
- **Flu Tracking:** For the 2020-2021 Flu Season we will provide data weekly on the current influenza activity. To check the data click [here](#). For the current week ending date 05/22/21 Genesee County has 0 case and Orleans County has 0 cases. There are 75 cases statewide. This is -10% from the previous week. Cases (Statewide) Season to date: 4,921. This data is influenza that is confirmed by laboratory testing. Not everyone seeks testing for confirmation of the flu.

COVID-19 Resources: For general inquiries contact or call the Hotline: 1-888-364-3065 or click [Ask Question](#)
